DODO PLANET

For dodo lovers who want more than a side.

One takeaway in Lagos, starting in Lekki. Direct orders, pickup and delivery.

₦41m for one outlet and six months of operations

9 October 2026

Dodo is what brings us together

Dodo comes first

Dodo with fish and sauce, fried eggs, chicken or gizzard. Fish was our strongest seller in 2025 and leads the relaunch at **₦8,500**.

Plantain, roasted too

Bole & Fish brings roasted plantain, grilled croaker and pepper sauce together at **₦8,500**. Another meal for plantain lovers.

An everyday meal too

Rice, chicken and dodo at **₦7,000**. Beans and dodo at **₦4,500**. Familiar lunch and dinner favourites, with the plantain we love.

Relaunch direct prices. Full menu and serving-cost estimates appear in Appendix B.

We want customers to come back for the dodo

1. **The meal you came for**
   Golden dodo with fish and pepper sauce. Or roasted Bole when you want a different finish. The plantain leads; the rest of the meal belongs with it.

2. **A reason to make it your regular**
   Fish today, eggs for breakfast, beans for a simpler lunch. Seven meals give plantain lovers more than one reason to return, with clear portions and recipe cards.

3. **Make the next order easy**
   A nearby pickup point and direct reordering. We will learn what regulars buy, look after workplace orders and make the next meal as dependable as the first.

Chicken Republic and Item7Go already serve everyday meals. Our entry point is the fish, dodo and sauce. Appendix G compares the chains.

The first run taught us how to relaunch

WHAT WE LEARNED IN SHOMOLU		WHAT CHANGES IN LEKKI
Island customers faced mainland delivery costs	→	Serve a local catchment with pickup and nearby delivery
Platform deductions squeezed the margin	→	Lead with direct sales and price Glovo separately
Dodo, Fish & Sauce drew the strongest response	→	Use the fish meal to introduce customers to the menu
Joshua funded the kitchen and chef personally	→	Equip our own shop and budget paid staff from day one

Joshua's sales record:

59 orders = **46** direct + **13** Glovo.

Gross: **₦496,150.**

March–July 2025. Joshua's sales record includes the Glovo subset: 13 orders / ₦89,650 supported by invoices.

Joshua will run the outlet with four paid staff

I ran Dodo Planet in 2025

I launched Dodo Planet in Shomolu and put in about ₦2m-plus. I handled the first operation and learned where delivery costs and margins hurt us.

I will manage the next shop

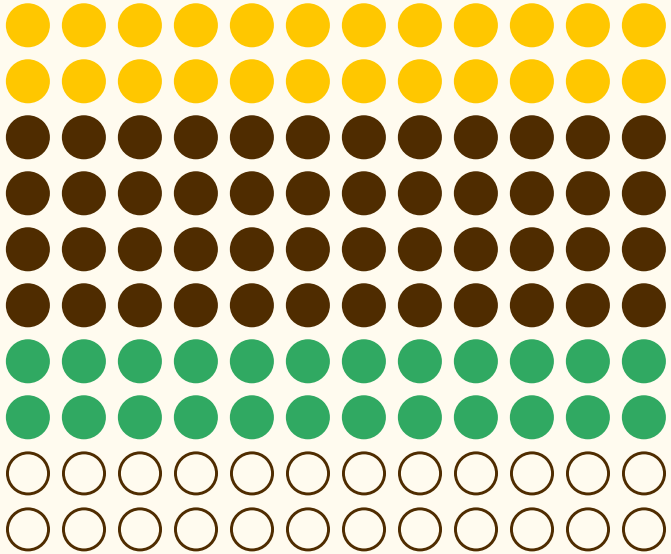

I will oversee buying, the team, quality, customer sales and cash. Two cooks and two operations staff will work in paired shifts.

The daily routine

Recipe and portion checks before service. Clear shift handovers. Paid-order and settlement records, with a weekly review of margins and cash.

Joshua, founder. Four staff budgeted at ₦120,000 each per month. Founder allowance excluded.

By month six, our goal is 40 meals a day

Each dot = 10 meals

Meals that month	Order route in month six · What the number means
240	**Direct: first purchases** 240 first orders, one meal each
480	**Direct: repeat purchases** Example: 240 buyers order 2 more meals each
240	**Direct: workplace / groups** 12 prepaid drops of 20 meals
240	**Glovo only** Platform meals, excluded from direct totals
1,200	**Total in month six** 960 direct + 240 Glovo = 40 meals/day

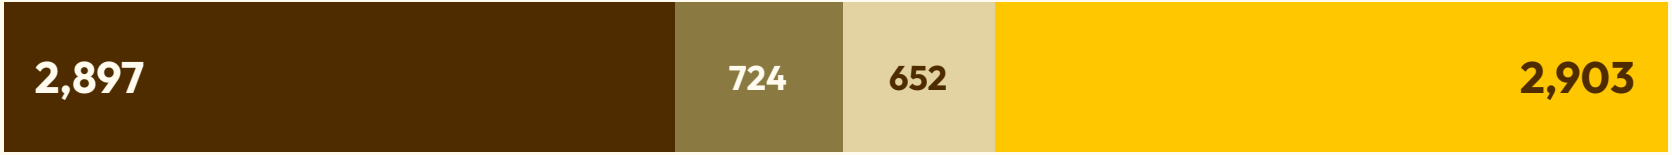

During month six: 1,200 meals in 30 days, with 960 direct and 240 through Glovo.

Separate meal totals, not separate people. Count each meal once. Base-cost minimum: 40/day. Commercial goal: 50+ a day.

A meal must pay for its ingredients and the shop

Where the average meal's money goes

NGN / meal

- Food + complete packaging
- Payment / platform deductions
- Waste, levy reserve + delivery subsidy
- **Contribution before fixed overhead**

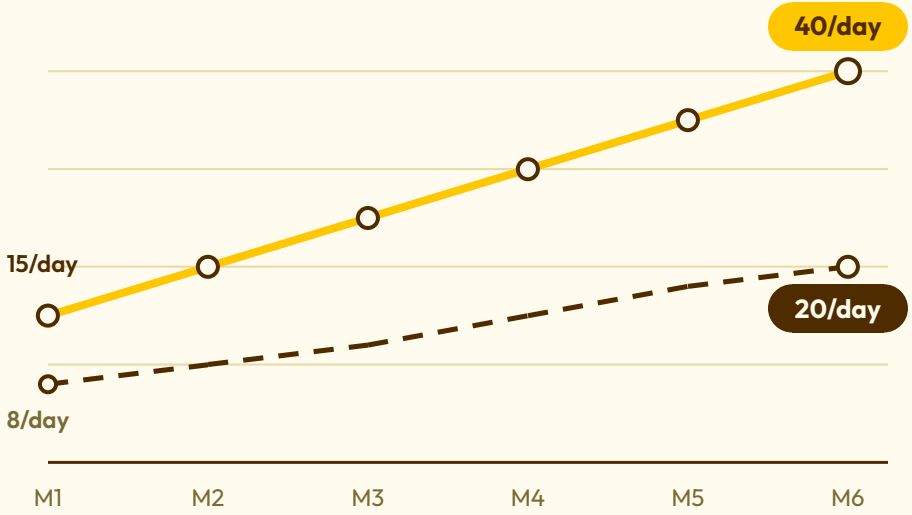

About

₦2,903

remains to pay staff, power, marketing and rent.

Forecast uses the four anchor meals and an 80% direct / 20% Glovo mix. All seven dishes have separate cost calculations.

Six months of funding gives us time to build sales

Six-month scenario	Base: 15 to 40/day	Slow: 8 to 20/day
Food sales	**₦35.521m**	₦17.868m
Operating result*	**–₦5.408m**	–₦12.551m
Net operating cash movement	**–₦3.215m**	–₦10.204m
Cash after setup and trading	**₦15.706m**	₦8.717m

Review weekly. Pause ineffective campaigns and buy stock against actual demand.

Sales scenarios. *Operating result excludes depreciation, finance, income tax and the ₦900k opening campaign.

50–60 meals a day gives the shop room to earn

AT MONTH-SIX PRICES AND COSTS

40 meals/day

Monthly sales

₦8.611m

Monthly operating surplus*

₦37k

50 meals/day

Monthly sales

₦10.764m

Monthly operating surplus*

₦908k

60 meals/day

Monthly sales

₦12.917m

Monthly operating surplus*

₦1.779m

40/day approximately covers the bills. Ten more meals a day add about ₦871k a month toward operating profit.

Same prices, meal mix and fixed costs. *Before depreciation, finance and income tax. Seasonal costs and extra allowances: Appendices I–J.

One outlet, then a business customers keep buying from

Stage · Proposed result · Evidence to review

1

Opening readiness

One equipped shop; four paid roles; seven tested recipes

Site, assets, payroll, portion and service checks

2

First three trading months

Base target reaches 25 meals/day

Paid meals, first buyers, reorders and channel contribution

3

Six-month review

Base target reaches 40 meals/day

Actual margins, cash and customer cohorts

4

Next commercial milestone

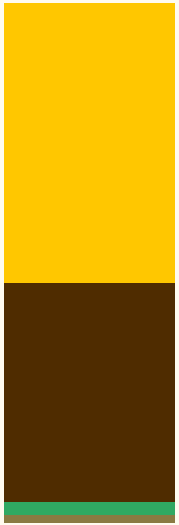

50+ meals/day with a cost cushion

Eight consecutive weeks above actual break-even

Month-six minimum goal: 40/day at base costs. Next commercial goal: 50+ daily meals sustained for eight weeks.

₦41m equips the shop and protects six months of operations

Use of funds	NGN
Opening: equipment, premises and launch	22,079,500
Six-month operating / marketing envelope	17,280,000
Working-capital buffer	1,000,000
Rounding headroom	640,500

Total planning ask **41,000,000**

The ₦7.5m marketing cap is included. No second outlet or founder pay.

₦40.3595m suitable-site budget, rounded to ₦41m. A shop needing heavier works has a ₦43.6945m budget.

Partner with Joshua to open our next outlet

Why partner

A focused plantain brand, led by an owner who has run it before. Your capital builds the shop and local sales. Joshua manages the operation.

What you can gain

Equity means ownership. Potential returns come from future profit distributions and growth in the value of your stake, subject to results and agreed terms.

How we work together

Monthly sales, spending and cash reports. Agree ownership and major decision rights before investing. Grow only after the first outlet earns its way.

₦41m funds one outlet.

Valuation and equity terms to agree. No fixed return, payout date or exit promised.

Appendix A

The 59-order trading record

EVIDENCE, MARCH–JULY 2025	AMOUNT / STATUS
Joshua's record: all channels	**59 orders / ₦496,150 gross**
Of those: direct orders	**46 orders / ₦406,500**
Of those: Glovo orders, invoice-supported	**13 orders / ₦89,650**
Glovo invoice-stated payout	**₦52,382.03; not bank-matched**
Joshua's historical investment	**Approximately ₦2m-plus**

CAC certificate: DODO PLANET LTD • 6892497 • 28 February 2023.

The Glovo subset is included in the total. Direct order reconciliation and payout receipt remain in the supporting evidence record.

Appendix B

Seven meals, with prices and costs

	MEAL	DIRECT	GLOVO	FOOD + PACK
	Dodo, Fish & Sauce	₦8,500	₦10,200	₦3,596
	Rice + Dodo + Chicken	₦7,000	₦8,400	₦3,059
	Beans + Dodo	₦4,500	₦5,400	₦1,656
	Bole & Fish	₦8,500	₦10,200	₦3,604
	Dodo and Fried Eggs	₦5,500	₦7,000	₦2,433
	Dodo, Chicken & Sauce	₦8,000	₦9,600	₦3,269
	Gizdodo	₦7,000	₦8,400	₦2,983

Estimated serving costs. Channel charges and operating overhead are additional. Full recipe inputs are in the final-v4 workbook.

Appendix C

What each channel leaves per meal

CONTRIBUTION / MEAL	DIRECT	GLOVO BUDGET	GLOVO FEE STRESS
 Dodo, Fish & Sauce	**₦3,932**	₦2,286	₦1,500
 Rice + Dodo + Chicken	**₦3,096**	₦1,759	₦1,112
 Beans + Dodo	**₦2,212**	₦1,388	₦971
 Bole & Fish	**₦3,923**	₦2,278	₦1,492
 Dodo and Fried Eggs	**₦2,349**	₦1,556	₦1,017
 Dodo, Chicken & Sauce	**₦3,801**	₦2,259	₦1,519
 Gizdodo	**₦3,172**	₦1,834	₦1,187

Before fixed costs. Glovo budget deductions: 33.8625%. Fee stress: 41.57% from historical invoices, including promotions.

Appendix D

Detailed allocation of the ₦41m ask

CATEGORY		NGN
Equipment, services + technical contingency		10,729,500
Annual occupancy, entry fees + deposit		6,350,000
Finishes, counter + signage		1,800,000
Other opening costs, including launch		3,200,000
Six-month operating / marketing envelope		17,280,000
Working buffer + rounding headroom		1,640,500
Total		**41,000,000**

Cooking/refrigeration/smallwares: ₦4.13m within technical setup. Training: ₦250k within other opening costs. No double counting.

Appendix E

The full six-month base ramp

Month	Orders/day	Sales, ₦m	Operating, ₦m*	Op. cash, ₦m
1	15	3.229	−1.740	−1.438
2	20	4.306	−1.455	−1.076
3	25	5.382	−1.119	−0.741
4	30	6.458	−0.734	−0.355
5	35	7.535	−0.398	−0.020
6	**40**	**8.611**	**+0.037**	**+0.416**
Total	**—**	**35.521**	**−5.408**	**−3.215**

30-day months; rows rounded. *Excludes depreciation, finance, income tax and the separate ₦900k launch expense.

Appendix F

The opening work plan

Shop and installation

Select the Lekki space and finalise itemised fitout costs. Install extraction, gas, power, water and drainage for the cooking layout.

Seven meals and four staff

Use the costed recipe quantities for cook trials. Confirm serving size, packed quality and preparation time. Recruit and train both staff pairs.

A service we can measure

Open with order, stock and cash records. Joshua will review customer returns, channel margins and weekly spending, then adjust buying and promotions.

Costs are budgeted before procurement. Recipe trials verify the portion and method before customer service.

Appendix G

Competing with the established chains

MAJOR ALTERNATIVE	THEIR OFFER		DODO PLANET'S RESPONSE
Chicken Republic	Value meals and its own delivery app	→	**Lead with fish and dodo, rather than a rice price war**
Item7Go	Party jollof, combos and pre-order pickup	→	**Make plantain the reason to choose the meal**
The Place	Nigerian meals across multiple Lekki outlets	→	**A clear, focused menu for the dodo craving**
Foodies Hot & Spicy	Lekki branches, meal variety and app ordering	→	**Earn repeat orders with food worth coming back for**
Mega Chicken	Fish and plantain meals, with chat ordering	→	**Seven focused meals, consistent portions and sauce**

Item7Go in Oniru competes for Island customers. Sources and location basis in notes.

Appendix H

How we build and keep direct customers

MEASURE	PROPOSED ACTION / CALCULATION
Direct targets: months 1 / 3 / 6	360 / 600 / 960 meals, at 80% of the base ramp
Local selling in month one	20 businesses mapped; 5 approaches/week; seek 3 paid trial drops
Paid media test	₦3m cap; ₦2,000 first-buyer media CAC is an unproven test limit
Full marketing cost recovery	About 2,584 incremental meals at ₦2,903 contribution
Repeat-purchase evidence	30-day paid return rate and orders/buyer, by acquisition cohort

Record meal quantity, customer, source, channel, discounts and delivery cost for each sale.

Targets guide spending. Track actual first purchases, paid repeat orders and meal contribution each week.

Appendix I

Extra costs reduce the monthly surplus

MONTHLY SENSITIVITY	40/DAY	50/DAY	60/DAY
Operating result at month-six costs	+₦0.037m	**+₦0.908m**	+₦1.779m
After ₦250k cover + ₦100k renewal reserve	−₦0.313m	**+₦0.558m**	+₦1.429m
Plus 10% higher landed-food cost	−₦0.624m	**+₦0.170m**	+₦0.963m

Break-even:

40/day
today;

44/day
with extra allowances;

48/day
with food shock.

Additional allowances are a separate scenario, outside the funded six-month budget. Results precede depreciation, finance and income tax.

Appendix J

Plantain prices change the sales floor

PLANTAIN COST / USABLE KG	₦3,600	₦4,500 base	₦6,300	₦9,000
Change from base	−20%	—	+40%	+100%
Break-even meals / day	**38**	**40**	**44**	**52**
50/day operating result	₦1.108m	₦908k	₦509k	−₦91k

Scenario prices, not seasonal quotations. Base anchor mix and month-six overhead. Dessert recovery does not count as forecast savings.

Appendix K

More ways to enjoy ripe plantain

NEXT PRODUCT	DIRECT PRICE	GLOVO PRICE	ESTIMATED COST*
Plantain bread slice	₦1,500	₦2,000	₦600
Plantain ice cream, 150g	₦3,500	₦4,500	₦1,742

Plantain bread comes first. Frozen plantain dessert follows when the freezer and fulfilment can protect its quality.

*Food, packaging, batch energy and extra labour. Costed next-stage options. Equipment and dessert sales are outside the ₦41m meal-outlet plan.
